LOUIS VAN HOUTTE PÈRE,

THE ROYAL NURSERIES,

GHENT, Belgium.

TO VISITORS.

In presenting this Catalogue to our numerous Friends and Patrons, we take the opportunity of thanking them for past favors and trust to receive a continuance of their kind commands. Our Establishment is always open to visitors (Sundays excepted) and we cordially invite every one to visit the LARGEST and most EXTENSIVE Nursery in the world. It can be reached within ONE hour by Rail from Antwerp, Ostend or Brussels, and we trust no one will ever miss the opportunity of inspecting one of the largest, most varied and well grown stock of plants ever brought together..

SPECIAL RATES FOR FREIGHT.

Having made advantageous arrangements with the various Steam Ship Companies for the transmission of goods, matted Baskets or Hampers of any size can now be sent direct from GHENT to all the principal ports at SPECIAL LOW RATES.

From the various ports to the final destinations, the re-forwarding is made at the cheapest rate and by the shortest route.

All GOODS travel at "OWNERS RISK".

Parcels Post.

Small packages weighing under 3 lbs, 7 lbs and 11 lbs can be sent by PARCELS POST, at the rate of 1/3, 1/8 and 2/2 respectively, TO GREAT BRITAIN AND IRELAND.

Packing.

Packing, in all instances, charged at *cost price*.

Payments.

Either by Cheque or P. O. O. to be made DIRECT TO THE FIRM.

HYACINTHS.

Choice named single flowering.

The following assortments have been formed for the convenience of those who are desirous to avoid the trouble of making their own selection. For this purpose, the finest varieties have been selected from the whole collection, and great care has been taken in selecting for each assortment the most distinct varieties.

In ordering kindly state whether required for forcing or for open ground.

Large flowered choice varieties.

To be grown in pots in a greenhouse near the glass or in frames, with a good ventilation, except during frosty weather. They flower in June and are well adapted for forcing; 4 or 5 bulbs planted in a pot, in the same manner as Crocuses, give a fine show, and as their flowering season follows that of Hyacinths and Tulips, they are very useful for indoor decoration.

Hardy Orchids.

Our collection of these beautiful hardy and half hardy plants comprises varieties which can be cultivated in almost any garden. They require more or less a shady position, and must, whilst growing, never be allowed to suffer from drought. Therein will be found some of the prettiest North American as also South European species, and our collection is one of the most complete brought together. — AWARDED FIRST PRIZES AND SILVER MEDALS AT VARIOUS INTERNATIONAL EXHIBITIONS.

Sensational NOVELTY.

A New Creation of Hardy Azaleas.

AZALEA MOLLIS X SINENSIS.

Novelty of the greatest merit.

We have pleasure in recommending with every confidence to our numerous Customers this valuable novelty, which most likely will soon replace the ordinary *A. mollis*; these new Azaleas are more free flowering, their bouquets of flowers much larger, and the colors much brighter and far more varied.

They are of robust habit, perfectly hardy, and in every respect superior to either of the parents.

Awarded First Prizes, Gold and Silver Medals at the principal shows of London and Manchester, as also at the International Exhibition of Dresden, Hamburg, Ghent, &c., &c.

Named Varieties:

Anthony Koster (Extra), bright golden yellow — Dr Reichenbach, salmon — Emile Liebig, salmon — Frans Van der Bom, salmon — Hortulanus Witte, orange — Hugo Koster, salmon — N. Beets, deep orange — T. I. Seidel, salmon.
